The world is really full of fun works.

Reading comments is fun too, but..

I don't think there's anything that feels more frustrated than knowing that someone is reading your manhwa.

Yep. Work suddenly attacked me like an earthquake and hail.

Usually work..

doesn't come like this, but..

It suddenly attacked like this.

So, my weekend evaporated away

There's 7 days in a week..
Mon Tue Wed Thurs Fri Sat Sun..

There are only zombies around me..

In the end I,
I couldn't work on chapter 8.
For those who have been waiting for the whereabouts of the headband,
I'm very sorry.

I'll come back after the situation is resolved.
I, it won't be long.. ..right??

Even I don't know when
I'll be able to bring chapter 8, !!!!!!

I'm really, really sorry !!!!!

Please don't criticize me because of that.

The event will continue as promised.
I will try to come back ASAP.
